## Guidance, Navigation, and Control Technical Committee “Lunch and Learn”

## “Space Architecture” University of Houston Graduate Program by Larry Bell/University of Houston

**Date: June 18, 2003 (Wednesday)**

**Time: 11:30 am – 12:30 pm**

**Place: JSC Building 16, Conference Room 253**

Please join us, bring your lunch and a friend, and listen to Mr. Bell’s presentation on the new graduate program at the University of Houston, which will offer a Master of Science degree in Space Architecture. The program, currently awaiting accreditation, will be offered at the College of Architecture, and is open to non-architecture graduates as well as architecture graduates. Students can attend on a part-time basis. The program is designed for non-architect professionals who already have a career in the aerospace industry. Students who are currently enrolled in this first-time curriculum (engineers from NASA-JSC, United Space Alliance, etc.) will also attend and be available to answer questions.

Larry Bell is a Professor of Architecture at the University of Houston (UofH) where he heads the Graduate Program in Experimental Architecture. He also founded and directs the Sasakawa International Center for Space Architecture at UofH, which was created in 1987. Larry has authored dozens of technical articles and publications and has been featured along with his work in many prominent national and international magazines and television programs. He serves on the Board of Directors and Executives Committee of Space Week International. Larry is an Associate Fellow of the AIAA, and is a Fellow of the prestigious Explorers Club. He is recipient of two of three highest honors awarded by the Federation of Astronautics and Cosmonautics of the former USSR: the Yuri Gagarin Diploma, and the Konstantin Tsiolkovsky Gold Medal. Final Frontier Magazine selected him as one of the “Magnificent Seven of Space.”

This event is open to the public, all are welcome. AIAA membership is not required. If you plan to attend, please get in touch with Jeff Tave at 281-333-7007 or [jeff.tave@lmco.com](mailto:jeff.tave@lmco.com) and leave your contact information. ***Please contact Jeff at least two business days in advance if you require JSC badging.***
